IMPORTANT CONDITIONS AND REGULATIONS

1. Use care in ordering power and know the requirements of your equipment. Insufficient wattage will result in blown fuses. Electrical service will be discontinued until load is reduced or proper wattage added. Additional charges will be made for changes and additions.
2. All equipment, regardless of power source, must comply with all Federal, State and local safety codes.
3. All equipment must be properly tagged and wired with complete information as to type of current, voltage, phase, cycle, horsepower etc. Exhibitor is responsible to provide cable from machinery to power source. All temporary power connections must be in compliance with the National Electrical Code of 1999.
4. All material and equipment furnished by Lexington Center for this service shall remain the property of Lexington Center.
5. All exhibitor's cords must be the 3-wired grounded type. All exposed non-current carrying metal parts of fixed equipment which are likely to be energized shall be grounded.
6. Rates quoted for all connections cover only the bringing of service to rear of booth on the most convenient manner.
7. Wall, column and permanent building utility outlets are not a part of booth space and are not to be used by exhibitors.
8. Electrical power for lights and displays will be turned on one hour prior to show opening and will be turned off one-half hour after the conclusion of show. 24 hour service is available upon request at 1 1/2 times the rates listed.
